

Hessam A. Cheraghi

Junior Front-end Developer

Work Experience

A Magnificent Landing Page for Startups

A web-page to showcase my skills as a web developer.

- React
- SASS
- Framer Motion
- Figma

A Redesign of SESS

SESS (Shiraz university Education Support Subsystem) is a website for the support & services of students of Shiraz University. Despite serving numerous purposes, it looks too old; thus, I redesigned the front-end.

- React
- React Router
- Material UI
- EmotionJS

Bank User Interface

A simple user interface for a fictional bank. The objective of this project was to display data in a single-page application.

- HTML
- CSS
- Pure JavaScript
